Governor Torres' Plan to Avoid Trouble.

RAY FALK TO BE LET OFF EASY.

The Dastardly Blowing up of a Merchant's Store at Tubac, Arizona.

Associated Press Dispatches to the HERALD.

NOGALES, Arizona, March 5.—Governor Torres and staff, accompanied by Colonel Arvizu, arrived this morning from Hermosillo. Governor Torres, on learning the particulars of the affair of Thursday, censured the Mexican Consul in unmeasured terms for not delivering Lieutenant Guttierrez, who led the soldiers in the attack on the Americans, to the American authorities immediately. Colonel Arvizu, in order to clear himself, stated to the Governor that the Americans were in fault. Thereupon the Governor said: "The Americans are not in fault; they were not in Mexico, fighting you. What business had your soldiers in the United States, armed and fighting the United States authorities?" Governor Torres is highly indignant at the action of the local Mexican authorities. Upon learning that Senor Vasquez, the Chief of the Mexican police, had been removed for having refused to take a hand against the Americans, he immediately reinstated him. He was ordered to take a force of men to secure Lieutenant Gutierrez, and to turn him over to the United States authorities. The chief thereupon dispatched ten men on horseback, fully armed, to scour the country and bring in Gutierrez, dead or alive. This, it is believed, will prevent further trouble.

THE RAY FALK TRIAL

Concludes by the Culprit Being Reprimanded Only.

SACRAMENTO, March 5.—The Assembly this afternoon took up the question of dismissing Ray Falk for trying to change the order of the Colusa County bill, when it was on the Assembly file. The whole afternoon was spent in debating the question, the country members being chiefly of the opinion that Falk had been proven guilty of tampering with the bills. Heath, chairman of the committee which tried Falk, argued that the guilt of the clerk was apparent, and in proof produced the pages of the Journal as they were found when he was found tampering with them. Atherton offered a resolution, stating that Assistant Clerk Smith, who accused Falk, swore falsely and that the evidence being plain that Smith was the real criminal, he should be dismissed and Falk reprimanded. D. Bruce and Britt and others appealed for mercy for Falk on the ground that his career should not be marred by the disgrace of a dismissal. The amendment that Falk should be called before the Assembly and reprimanded was carried by a vote of 40 to 29.

Speaker Jordan announced to-night in the Assembly that he would administer a reprimand to Ray Falk on Monday next at 2:15 o'clock.

AN OUTRAGE.

The Store of an Arizona Merchant Blown Up.

NOGALES, A. T., March 5.—Some time last night some unknown person blew up the storehouse of T. Lillie Mercer, at Tulare, destroying all his goods and everything in the building, by giant powder. Every vestige of building and goods was blown to atoms. Some one, supposed to be the same parties who destroyed the store, set fire to his dwelling-house, which was completely destroyed, with all household goods, the inmates barely escaping with their lives. It was done in the middle of the night, when no one was awake. The work of devastation was accomplished before any of the inhabitants were aware of what was going on. Besides this, they set fire to his buggy and burned that, consequently Mr. Mercer is nearly if not entirely ruined. The postoffice, which was kept in Mr. Mercer's store, is also a wreck.

HE SAYS NAY.

The Governor's Reasons for Vetoing the Manufacturers' Stamp Bill.

SACRAMENTO, March 5.—In the Assembly to-day a message was received from the Governor vetoeing the Manufacturers' Stamp bill. The Governor says: "In the first place the bill is too broad and too indefinite. It applies to 'every' maker or 'manufactuer' and to 'any article' made or manufactured in this State. It requires the 'article' to be imprinted, labeled or stamped. Therefore it seems to apply to articles made in the household, as well as in the factory. According to section 2, a merchant or any other person may sell an article manufactured in any other State or country, whether labeled or not, but if he sells an article made in California, which the maker failed to label with a stamp as required, he may be punished as a criminal, unless he himself should properly label or stamp it. There are no means provided whereby persons may be able to identify articles made in this State. The provision that the act shall take effect within ten days is an unreasonably short period." The Governor states that since the bill has been presented to him, he has received communications from all sides, urging objections to the act. From these he is led to believe that compliance with the provisions would ruin the manufacturing interests of the State, hence his veto.

A Pawnbroker Robbed.

SAN FRANCISCO, March 5.—Professional burglars discovered the fact that Asa Fisk was in the habit of keeping in his house at 100 Hayes street, a quantity of jewelry which he received as security on loans. The burglars watched the house and when all of the family were absent at the theatre Wednesday night, forced an entrance from the rear and ransacked it. When the theater party returned they were startled by the discovery that the house had been robbed. The robbers had carried off diamonds, watches and rings worth $5000, but had left over twice that amount scattered on the floor. It is believed they were frightened away in the midst of their work. Detectives are busy on the case.

CONSUMED BY FIRE.

Two Persons Injured at the Burning of a Mariposa Hotel.

MERCED, March 5.—A fire broke out in the Gallison Hotel, Mariposa, about 4:30 this morning, which kept burning with great fury until the hotel and the adjoining building with their contents had been consumed. The inmates escaped with their lives, many with barely anything else. R. B. Stelder, an attorney, and Mr. Littlejohn jumped out of the second story window and both were injured, Mr. Stelder seriously. The insurance on the hotel is $2000. The fire is supposed to have originated from a coaloil lamp. The loss falls heavily upon the owners of the property, as the insurance will not cover half the value of the property destroyed.

DIAMOND EARDROPS.

Presentation to the Wife of the Speaker of the Assembly.

SACRAMENTO, March 5.—During the recess of the Assembly to-night a handsome pair of diamond eardrops were presented, on behalf of the lower House, to Mrs. William Jordan, wife of the Speaker. The presentation speech was made by Assemblyman Variel. A large audience was present in the Assembly chamber. Assemblyman Lewis presided during the recess and caused much laughter by his witty remarks. Mr. Variel spoke of the high esteem which Speaker Jordan had won by his ability and impartiality as the presiding officer. Speaker Jordan responded for his wife and himself.

THE SOLONS BUSY

Playing the Very Dickens with Justices' and Constables' Fees.

Special Dispatch to the HERALD.

SACRAMENTO, March 5.—The Senate spent the day in going through the first and second reading of bills. The Appropriation bill was read a second time and ordered printed as amended. The bill limiting Justices of the Peace and Constables to $1000 per year passed the Senate. Both Houses adjourned at 11 P. M. till Monday at 2:30 P. M. Knox's bill relieving the Mayors of cities of police duties will pass. It is expected that the Governor will sign it next week.

The Boycott Continues.

SAN FRANCISCO, March 5.—At a meeting of the Carmen's Assembly Knights of Labor, last night it was decided to continue the strike and boycott on the Sutter and Geary-street cable lines, but to permanently discontinue the carmen's omnibus line.

Granted Leave.

SACRAMENTO, March 5.—Senator Rose was granted leave of absence to-day for the remainder of the session.

THE SCHOOLS.

Apportionment of the State School Fund for 1887.

The following is the third quarterly apportionment of the school fund. It is made upon the number of teachers assigned to, and the average daily attendance in each district during the school year ending June 30, 1886. The sum apportioned to each teacher is $140, and the amount per capita upon the daily attendance is $6.95. The average daily attendance for the county was 761,315, and the general amount apportioned upon this attendance was $52,911.38. Total amount apportioned, $97,319 38

Unwarranted Arrest of a Baseball Player.

A MINDREADER'S TRYING TEST

How the Fortification Appropriation Failed to Get Pulled Through.

Associated Press Dispatches to the HERALD.

NEW YORK, March 5.—Walter C. Camp, of New Haven, a well known athlete and coach of the Yale football team was arrested here this afternoon, charged with attempting to assassinate George Condit Smith, who was found in Madison Square two or three nights ago suffering from a bullet wound. Smith declined to say who fired the shot or why. The motive alleged by the police is jealousy, Smith having supplanted Camp in the affections of Miss Sallie Barnes, a New Jersey heiress.

NEW HAVEN, Conn., March 5.—The arrest at New York of Walter Camp, Yale's famous baseball and football player, charged with the attempted murder of George Condit Smith, created a tremendous sensation in the college world, and also throughout the city. The general opinion to-night among Yale men, based on reports that Smith was shot at 1 o'clock Thursday morning, is that the detectives have made a lamentable blunder. Walter Camp was in the city Wednesday evening, and acted as referee at the Yale sports in the skating rink.

He remained at the rink until the games were finished at 11:15 P. M. From the rink he went directly to his home and remained there until morning, when he went to New York on the 7 o'clock train. His family received a reassuring dispatch from him, and are not at all alarmed as to the outcome.

NEW YORK, March 5.—Camp was taken to the hospital and confronted with Smith. The latter declared that Camp was not the assassin, and that he had never seen him before. Camp was accordingly released, and at once left for New Haven.

A MINDREADER'S FEAT.

W. I. Bishop Finds a Brooch Under Trying Circumstances.

NEW YORK, March 5.—Washington Irving Bishop, the famous mindreader, gave a peculiar trying test of his power this afternoon at the Hoffman House, in the presence of members of the press and of the theatrical profession, doctors, lawyers and others. He borrowed a brooch from Mrs. Frank Leslie which he gave to a committee of four gentlemen, previously chosen from the audience, telling them to conceal it any where within a mile of the hotel. The committee drove off in a carriage, returning after half an hour's absence. Bishop was then blind-folded. This was done by tying cotton batting around his eyes, then a black bag was put over his head and fastened around his neck. A two seated open carriage was waiting at the door and in this Mr. Bishop and three members of the committee took seats. Bishop took the reins and drove off through the great crowd of people and vehicles, guiding the horses with remarkable dexterity, considering that he could not use his eyes. Just near the southeast corner of Grammercy Park he stopped the vehicle and alighted, the committee following. A large crowd had run after the wagon all the way from the Hoffman House, and Bishop had hard work making his way through the throng that flocked about him. He crossed the street and proceeded along East Grammercy Park until he reached the entrance to the Grammercy Park Hotel, into which he turned without hesitation, walked into a room and placed his hand on a vase which rested on a table. He held his hand there for a few seconds and then requested that the vase be removed. His wish was complied with and he picked the brooch up from the table where it had been left by the committee.

THE FORTIFICATION BILL.

The Rock Upon Which the Referees were Wrecked.

WASHINGTON, March 5.—As explained in the Senate by Dawes, the rock upon which the conferees on the Fortifications Appropriation bill finally split, was section 8 of the bill prepared by the Senate conferees. This section authorizes the advisory board to make contracts with responsible manufacturers for the supply of 1000 tons of gun steel, subject to tests and inspection at every stage, and appropriated $6,000,000 for its purchase. The corresponding provision made by the House conferees was contained in section 9 of their bill. This section appropriates a like sum of $6,000,000 for the purchase of steel, but with the proviso that only so much should be accepted as would suffice for the fabrication of three guns, 8, 10 and 12 inches calibre. These guns were to be tested by requiring them to endure 200 discharges in periods of time ranging from 80 to 120 minutes. If they failed to pass these tests, then no more of the appropriation was to become available for the purchase of steel. The objection of the Senate conferees to this proviso was that it would result in leaving the country without guns for many years to come, as it would take at least three or four years to finish and test the specimen guns, and in the event of their success that it would take many additional years to procure others of the same type.

Brooks' Fix.

WASHINGTON, March 5.—No action was taken by the Senate before it adjourned on the nomination of J. Marion Brooks to be United States District Attorney for the Southern District of California. Under the law this vacates the office. The President, however, may reappoint him.

Death of an Army Officer.

WASHINGTON, March 5.—Lieutenant-Colonel W. R. Scott, of the Third Artillery, and Chief of the publication office of the rebellion records, died at his residence, in this city, this afternoon, of pneumania.

Peterson's Death.

PHILADELPHIA, March 5.—Charles J. Peterson, author and publisher and proprietor of "Peterson's Ladies National Magazine," died suddenly at his residence last night, aged 68 years.

WILL NOT BE PERSUADED.

Why the President Refuses to Sign the River and Harbor Bill.

WASHINGTON, March 5.—An effort has been made since the adjournment of Congress to induce the President to sign the River and Harbor bill, and those interested in securing this action assert that there is nothing in the Constitution to prevent his doing so now, if he is so disposed. Several members of Congress, including Representatives Willis and Dibble, say that they are aware that he has the power, and have endeavored to persuade him to sign the bill. Mr. Willis said to-day that there was nothing in the Constitution which provided that the President should sign a bill before 12 o'clock on the 4th of March, or that he should report the fact that he had given his signature to the House. The only provision with relation to bills not signed before the expiration of Congress, he said, was that the ten days' limit should not operate to make a measure become law. He called on the President to-day and suggested to him that he sign the bill now, unless he objected to its provisions. The President informed him that he could not do so, as he was fully convinced that his constitutional power to sign or veto acts of Congress had expired with the adjournment of that body. Attorney-General Garland agreed entirely with the President on this question.

THE FORTY-NINTH CONGRESS.

The Hasty Manner in Which Their Work was Wound Up.

WASHINGTON, March 5.—The aggregate of the appropriation bills passed by the Forty-Ninth Congress is about $250,000,000. This total is exclusive of the sums appropriated by the River and Harbor and Deficiency Appropriation bills which failed of enactment. The appropriations for the current fiscal year aggregate $264,000,000, which amount would have been equalled by the appropriation voted by the last Congress had the two bills mentioned become law. Some idea of the manner in which the Forty-Ninth Congress wound up its work may be found in the declaration of a member that the record reveals the fact that one-quarter of the legislation had been enacted in the last legislative days. An Enrolling Clerk of twelve years experience said that he never, in that length of time, had witnessed the haste exhibited in the last twenty-four hours of the Congress which had just expired.

GOT LEFT.

Names of the Nominees for Office Rejected by the Senate.

WASHINGTON, March 5.—Only four of the President's nominations made during the session just closed were rejected by the Senate, as follows: J. C. Matthews, of Albany, to be Recorder of Deeds of the District of Columbia; Charles W. Fish, of Indiana, to be Surveyor-General of Nevada; Charles E. Daily, to be Register of the Land Office at Tucson, A. T.; Oliver Shannon, to be Receiver of Public Moneys at the North Platte.

The following are the nominations which remain unacted upon and therefore died when the session ended: J. M. Brooks, United States Attorney for the Southern District of California; Registers of the Land Office, James M. Adams, at Spokane Falls, W. T., and William Blaine, at Blackfoot, I. T.

Snow Blockade in New Brunswick.

BOSTON, March 5.—A special from St. John, N. B., to the *Herald*, says: Such a universal blockade as has taken place on the New Brunswick railways the past three weeks has not been known for ten years. On the New Brunswick railway, between Gibson, Woodstock and Great Falls, miles of track have been buried under seven feet of snow.

A Good-Sized Fire.

NEW YORK, March 5.—A fire was discovered early this evening in the five-story building at Nos. 27, 29 and 31 Rose street, owned by J. C. Dreyfus, who occupied the floor as a wheelbarrow factory. The first two numbers were completely gutted. The estimated loss is $100,000.

Plans For a New Man-of-War.

NEW YORK, March 5.—Naval Constructor Peck submitted to the Department, to-day, his plans for a new armored vessel of 6000 tons displacement, ordered by the last Congress. She will cost over $2,500,000. The work will probably be commenced within a year.

Judge McKee's Funeral.

SAN FRANCISCO, March 5.—The funeral of the late Judge McKee took place to-day from his residence in Oakland. The remains were interred in Mountain View Cemetery. There were present at the ceremonies many prominent members of the bar, Justices of the Supreme Court, Supreme Court Commissioners, Judges of the Superior and other Courts, beside numerous friends and acquaintances of the deceased and family. Resolutions of regret at the death of Judge Samuel Bell McKee were adopted by the Assembly this evening.

More Street-Car Changes.

SAN FRANCISCO, March 5.—It is positively stated to-night that the City Railway Company, which operates the horse-car line on Mission street, has transferred its property to the Pacific Improvement Company, which owns the Market-street system of cable car lines. The consideration is not known.

A New Official.

Hon. J. De Barth Shorb has been repeatedly urged by the people of the county to accept the nomination for an office. The public wanted him to serve in an official capacity. He has, however, steadfastly refused, and said that he did not want nor would he accept any office within the gift of the people. It finally got to be known that there was one good Democratic citizen who had the interest of the people at heart, and would labor faithfully for them and for his party without hope of reward. It is sad then to announce that he has, by machinations known only to polished politicians, pulled the wool over the eyes of the Board of Supervisors and got himself appointed to an office which is one of the most important in the county, namely that of Road Overseer of San Gabriel district. He filed his bond yesterday, and will in a short time go to work improving the roads in his district. The public will view him with a careful eye, and it is expected that the first man who gets jolted going over one of his roads will impeach him for misfeasance in office.

FOREIGN.

Germany's Intended Financial Proposals.

BULGARIA QUIET FOR A TIME.

A Big Colliery Explosion in Belgium Kills Scores of Miners.

Associated Press Dispatches to the HERALD

BERLIN, March 5.—The Reichstag will begin the debate of the army bill Monday, and it is a foregone conclusion that the bill will be passed that day. The Septennate question being settled interest will be directed towards the Government's financial proposals. It is rumored that Bismarck, relying upon the unity of the three Septennist groups, is determined to renew the special bill, and contemplates a tobacco monopoly for the Government. Ministerial organs mention that a proposal is under consideration imposing upon spirits a new excise duty, amounting to thirty marks per hectoliter. It is also stated that a sanction will be required before new distilleries may be established, though existing establishments cannot be interferred with. A section of the Conservative press urges the Government to grapple with the problem of indirect taxation and increased protection to agriculture.

BULGARIA QUIET.

Some of the Ringleaders of the Revolt in Danger of Life.

SOFIA, March 5.—Nine of the Rustchuk rebels have been sentenced to death. The Consuls of the various powers at Rustchuk have urged the postponement of the sentence. Other troops who took part in the insurrection, have been sentenced to prison. Captain Bollman, charged with being one of the leaders of the insurrection, has been sentenced to prison. He claimed to be a Russian subject and has sought German protection. Order prevails everywhere in Bulgaria to-day. Telegrams from Constantinople state that Russia will not permit the punishment of her agents in the unsuccessful emeute at Silistria and has warned the Bulgarian Regency that they will be held responsible for injury to the persons or property of Russian subjects. The Regency have resolved to bring all the Bulgarian officers concerned in the mutiny to court-martial and to deal vigorously with all offenders. Reports from Russian sources represent that leading Muscovite papers are clamoring for the armed occupation of Bulgaria by the Russian army as the only possible solution of the difficulty that threatens endless complications and the destruction of Russian prestige in the Balkan States.

COLLIERY EXPLOSION.

More Than One Hundred Miners Loose Their Lives.

BRUSSELS, March 5.—An explosion of firedamp occurred to-day in the colliery at Quaregnon, four miles from Mons. The explosion shattered the roofs and galleries so that many of them fell. One hundred and forty miners are entombed.

A dispatch from Mons says one hundred and twenty men who were in the mine at the time of the explosion were killed. It had not been possible at the time the dispatch was sent to reach the dead bodies of the victims.

IRELAND'S SECRETARY.

Sir M. Hicks-Beach Resigns and is Succeeded by Balfour.

LONDON, March 5.—It is officially announced this afternoon that Sir Michael Hicks-Beach has resigned the office of Secretary for Ireland, and that Arthur J. Balfour, Secretary of State for Scotland, has been appointed to succeed him. Sir Michael is suffering from catarrh of the eye, and his resignation is due to that cause. He will proceed to Berlin for the purpose of undergoing treatment by a celebrated oculist in that city.

A Grecian Official.

ATHENS, March 5.—The Chamber of Deputies has elected M. Angerines President.

Cholera in Sicily.

CATANIA, Sicily, March 5.—Six new cases of cholera and four deaths from the disease have been reported here within twenty-four hours.

Judge Gardiner's Appointment.

SACRAMENTO, March 5.—Governor Bartlett has appointed W. P. Gardiner Judge of the Superior Court of Los Angeles county, vice A. Brunson resigned.

Personal Mention.

Mrs. Doria Jones and Miss Jones, who were visiting Mrs. Lankershim, are now at the St. Elmo.

Ex-Governor Bigelow, of Connecticut, is visiting Los Angeles and is stopping at the Nadeau House.

Mr. H. C. Hubbard and wife, Mr. H. W. Griswold and wife, and Miss Katie Maclay, of San Fernando, came to Los Angeles to see and hear Edwin Booth last night.

A special palace car is at the Los Angeles and San Gabriel Valley railroad depot, in which Hon. Carter Harrison, of Chicago, and party are visiting this part of the country.

Rubin E. Lloyd, the eminent lawyer of San Francisco, arrived in Los Angeles yesterday. He is registered at the Nadeau. He was to have been here at the Knight Templar dedication.

Mr. Ben. Weir has arrived to take the Deputy Clerkship of the Supreme Court in this city, and Mr. Frank Myer has gone to San Francisco to take a clerkship at the chief office under Clerk Spencer.

George W. Peck, who is misnamed *Peck*, when even his heart is bigger than a bushel, is stopping at the Carleton at Pasadena. Where is Jerry Illich and his Kid for the entertainment of the "Bad Boy" of Peck's *Sun*?

Mrs. G. A. Eastman, wife of Colonel Eastman of the *Tribune*, accompanied by her son Barrett, arrived from Chicago last evening, and are now staying at the Nadeau. Mr. Barrett Eastman will to-day take a position on the local force of the *Tribune*.

THEATRICAL.

The Last Night of Booth—Coming Attractions.

The Opera House was last night seated throughout with another fine audience to enjoy the closing evening of the Booth season. *Othello*, with Booth as "Iago," was the attraction. This is one of that actor's favorite characters, and the very striking personation he gave of the designing and artful villain who deceived the confiding "Othello" to his undoing, showed that his fame as the best "Iago" on the stage to-day was his of right. From the time that his inventive brain evolved the villainous design to awaken the Moor's jealousy and compromise Michael Cassio and the gentle Desdemona in the meshes of his subtle plot, until he reached the culminating act of deceptive villainy, Mr. Booth showed that he had mastered the character, and was equal to its most exacting delineations. It was a masterly interpretation of one of the most difficult roles in Shakespeare. It was greatly to be regretted that he had not an "Othello" to play against who could, at least, have been something more than a foil for his part. If Mr. Barron, who had the "vaulting ambition" to accept the role of "Othello," could have realized that he was not reading a sermon in a conventicle, but reciting a part upon a stage, he might have come off with some degree of credit. But to read the lines of the Moor with nasal twang, to sniffle, mouth and rant, was, as Dogberry says, "Most tolerable and not to be endured."

Miss Vaders was clever as "Desdemona," and Mrs. Foster's "Emilia" was the best effort she has yet made.

The season of Mr. Booth has been a great success here. The people have turned out very generously, and have given him houses of which he should be proud, and this, too, in the Lenten season, when many theater-goers are withheld from participating in amusements. Under the circumstances they had the right to expect that the minor actors of the troupe should have been of a more meritorious type than are those who compose Mr. Booth's support.

COMING ATTRACTIONS.

The next attraction at the Opera House will be the famous McGibeny family. The press from wherever they have appeared speak in the highest praise of them. The *Chronicle* says: "The orchestra music was remarkable, when the family devoted itself to brass it became a band that could furnish some really inspiring music. Nothing was amateurish or slipshod, and, altogether, especially when it is known that the performers run from McGibeny pere, down to a tot of four years old, the entertainment may be considered one of unusual merit." This musical family open to-morrow night.

On next Wednesday, March 9th, the celebrated Trebelli Musin Concert Company make their first appearance at the Opera House. Mme. Trebelli is an absolute mistress of her art. She is a contralto endowed by nature with a rich, full and sympathetic voice, sweet and clear in the upper tones and grandly effective in the lower register.

The Bijou Opera Company will appear at the Grand Opera House on next Thursday for the balance of the week, rendering the "Princess of Trebizonde," Billee Taylor," the "Mikado" and the "Bridal Trap." The Company come well recommended.

News Notes.

A false alarm of fire was rung in last evening. Cause, probable crossing of the wires.

Lew Johnson's Colored Combination will shortly visit Los Angeles, and appear in "Mamma's Black Baby Boy."

Dr. J. L. York speaks at the Grand Opera House on this (Sunday) evening, on "Individuality, Love and Marriage."

Tracklaying will be commenced to-morrow on the Los Angeles and San Gabriel Valley railroad in the Azusa settlement.

F. A. Hill, the restauranter, has filed a petition of insolvency. Another attachment suit was commenced against him yesterday.

The toll bridge across the Arroyo Seco from Garvanzo to Pasadena that was broken by great rain last month, has been mended.

The German Ladies' Benevolent Society will have their anniversary ball on Thursday evening, March 24th, at Turnverein Hall, and the ladies are making great preparations to make this a most brilliant affair.

The representatives of Riverside's interests in this city smarting under the aspersion of Los Angeles by the *Riverside Press*, contemplate removing their fine exhibit from 239 North Main street back to Riverside. The stab of the Riversiders was a fire in the rear which they declare they can not apologize for or endure.

Heavy purchases of land have been made on the northeasterly side of the Raymond Hotel Tract within a few days which lead knowing ones to the belief that the Southern Pacific Company will have a track and a depot at that place in a few weeks. Their belief is probably well founded that three steam railways will center there inside of three months.

The work of making a cut in the bluff below Lincoln Park for the track of the through trains of the Atchison, Topeka and Santa Fe railroad, is progressing very rapidly. A large force of men is at work on the south side of the Arroyo Seco and another bridge will be built for these trains about half a mile below the present bridge, which will be used by local trains.

The County Deputy Assessors will take the field to-morrow. Their instructions are to assess real property at seventy-five per cent, of its selling value. It is needless to say that this assessment founded on the sales of the last six months will raise the valuation at least $10,000,000 in this county. With this increase in valuation Los Angeles will be the second richest county in the State, and the rate of county taxation will be very low.

Yesterday afternoon Mr. Arthur B. Chase, manager for Edwin Booth, presented Frank W. Conant, treasurer of the Grand Opera House, a handsome sapphire scarfpin as a remembrance and as a token of his appreciation of the arduous duties so excellently performed by the recipient. Mr. Chase has been the manager for Edwin Booth and for Barrett during their most successful tours, and is greatly pleased with his treatment by the people of Los Angeles.

BEECHER IS DYING.

The Celebrated Divine Stricken Down

WITH A STROKE OF APOPLEXY.

Though Resting Easy and Free of Pain His Recovery is Unhoped for.

Associated Press Dispatches to the HERALD

NEW YORK, March 5.—The Rev. Henry Ward Beecher has had a stroke of apoplexy and now lies unconscious. Grave fears are entertained by his family and friends that his labors as a pastor in this world have ended. His brother, Assistant District Attorney William C. Beecher, with his wife and Mrs. Beecher, were at the bedside of the great clergyman all day to-day, completely overcome with grief at his condition. He has always been in such good health, and was apparently so hale for his age, that they could hardly realize that he was lying there in such a helpless condition. His attack came on so gradually that his wife and son were unable to realize the full extent of his illness. Between 2 and 3 o'clock yesterday morning Beecher awoke and complained of being sick. His wife arose to get him something to drink, when he began to vomit and fell back upon his pillow, apparently exhausted. In a short time he went to sleep and Mrs. Beecher concluded that he would feel better in a few hours. The first breakfast bell rang, but did not awaken him. The second bell also passed unheeded. Mrs. Beecher had been up for some time and did not wish to disturb him, but, becoming alarmed, she made an ineffectual attempt to arouse him. She called her son and daughter-in-law. Beecher tried to speak to them but his voice was thick, and his articulation indistinct. Dr. W. E. Searle, the family physician, was called in, who pronounced Mr. Beecher quite ill, though he did not apprehend immediate danger. During the day Beecher seemed to improve, and hopes were entertained that he would rally. Medicine was given regularly, and every change was noted. This morning he appeared to be worse, and it was decided to call Dr. W. A. Hammond, of New York, in consultation with Dr. Searle. Before noon Beecher again lapsed into unconsciousness, and he was in that condition when Dr. Hammond reached the house. He assured the family that there was some hope and left shortly after 2 o'clock. Colonel Beecher said to-night that his father did not seem to suffer any pain, and that, when roused, he seemed to recognize him and Mrs. Beecher. His articulation was too indistinct to be understood. At 11 o'clock to-night Beecher was slightly better, and he appeared to be less drowsy. Rev. Dr. Talmage and all the prominent members of Beecher's church have called at the house. Beecher, by pointing to his head, indicated that he was suffering there most. Bulletins were issued throughout the day and evening, but later Dr. Searles said that no more bulletins would be issued during the night unless the preacher was found to be dying. He did not think there would be any change before morning. At 11 o'clock the house was closed. At 8:45 to-night Dr. Searle said that the condition of Beecher was unchanged, but that he was not expected to die before morning.

A "COON" HUNT.

Troubled Times in the Colored Quarters.

Early last evening Officer Fred Smith started out on a still hunt for game. With a keen eye for points and an unerring scent he soon got on the trail of a lot of "coons" who were shaking dice in Myer's place on Los Angeles street, between First and Requena streets, and calling Officer Bosqui to his aid proceeded to run his game to earth. Prior to the "killing" Officer Smith had arranged with one of his agents to let him in upon a given signal, and stationing Officer Bosqui where he could prevent the escape of the game, he crept silently and carefully into the back yard, up to the back door, gave the signal and the bolt being withdrawn walked in and declared his intentions. Finding they were treed the "coons" gave themselves up and marched into the city prison, a jolly and unabashed crowd. Among those present were the illustrious George Washington, the renowned John Brown, the ubiquitous John Doe, the poet Burns, Lord Campbell, C. Raymond, Jno. Johnson, L. Johnson and H Frick. Most of these historical characters had no difficulty in finding $20 for bail, but some were given the freedom of the prison for the night.

Hardly had matters quieted down than word was sent to the prison that a fight was in progress at "Brown's," another rendezvous for the colored inhabitants, and Officers Fred Smith and Bosqui and Chief Skinner proceeded to the locality, but were unable to procure witnesses and therefore made no arrests.

Missionary to China.

Mrs. Josie Peal-Campbell, the wife of the late Rev. A. M. Campbell, daughter of Judge Peal, well known to most of our older citizens, and sister-in-law of Mr. J. M. Elliott, has been duly appointed by the M. E. Church South, a missionary to China, and will sail for Hong Kong at an early day. Mrs. Campbell is a lady of brilliant intellect and generous heart, well suited to the difficult work upon which she is to enter, and to which she has consecrated her natural life. The services at Trinity Church, on Fort street, both morning and evening, will have reference to the departure of Mrs. Campbell, who is a communicant there. The evening services will partake of the nature of a leavetaking. We wish her many happy and useful years in her great work.

Colonel Woodford's Lectures.

Colonel George Woodford will fill the following appointments the coming week: Boyle Heights, Monday, March 7th; Glendale, Tuesday, March 8th; Highland Park, Wednesday, March 9th; Compton, Thursday, March 10th; University of Los Angeles, Saturday, March 12th; Long Beach, Sunday morning, March 13th; East Los Angeles, Sunday evening, March 13th.

Surveyors are now engaged in locating a line for a dummy railway from East Los Angeles to Glendale.

DAILY HERALD.

FIRST-STREET LINE.

Three Cars to be Run Regularly Commencing this Morning.

The last connection of the new First-street line of railway was made early yesterday morning, and in the afternoon one car was put on and made regular trips every fifty minutes. A representative of the HERALD rode over the road and found that it was very smoothly laid, and that it shortens the time betweed Spring and Chicago streets considerably. The cars start from the corner of Spring and First streets, where they will probably transfer to the Sixth-street line, although that fact has not been announced as yet. The line proceeds directly down First street, across the railroad tracks on Alameda street, over the bridge, to Aliso street where it turns and runs to Chicago street, where the stables are situated.. On this side of the river the district passed through is very thickly settled, and it is only a question of time when Boyle Heights will be filled with residences. The business portion of town will never extend to the Boyle Heights property, and in view of that fact lots are being sold there quite rapidly for residence purposes. It is the intention of the company to run three cars on the new route but as business increases more cars will be put on and in consequence more switches or turnouts will have to be put in. At present there are but two turnouts, one near Alameda street and the other just over the bridge. In the course of a few years it will probably be found necessary to put in two lines of track, but until the heights have a large population to travel back and forth, this will not be necessary. The grades on the line are not very heavy, the largest being near the intersection with Aliso, and it may be necessary to put a hill-horse at that place to assist when the loads are heavy. The road is well ballasted throughout and the passengers yesterday can testify that the cars ran as smoothly as if the road had been entirely broken in. In all new lines there is a certain amount of stiffness which is jarring, but this is not the case with the new line. Barring slight alterations which may have to be made in some of the curves to prevent the cars from jumping the track, nothing will have to be changed. The rolling-stock is all new and of attractive appearance. The cars are open, with seats placed crosswise and arranged so as to face either way. In case of rainy weather sides may be placed in, and the passengers protected. The horses are all young and new to the street-car business. Some of them yesterday had an objection to crossing the bridge, but a day or two's work will make them indifferent to and familiar with everything on the route. The stables, which are not yet finished, will accommodate all the live stock necessary, as well as the rolling-stock at times when it is not in use. They are arranged so as to be easily enlarged, and are comfortable and well ventilated.

When everything is in running order and trips are made on time, it will take less than twenty minutes to go from one terminus to the other, each car making the round trip in about forty minutes, and cars will pass a given point about every ten or twelve minutes. There is every indication that the line will be heavily patronized from the start, and will soon pay for itself.

Incorporations.

The articles of incorporation of the San Jose Ranch Company, a real estate association, were filed yesterday in the office of the County Clerk. M. L Wicks, H. W. Mills, Frank Sabichi, R. F. Lotspeich and H. L. Macneil, of Los Angeles, and G. W. Hughes, of Little Rock, Arkansas, are its directors. The capital stock of $300,000 has been fully subscribed.

The American Rapid Transit Company was also incorporated. Its purpose is to construct and operate a system of electric railways known as the Enos Electric Railway, etc. The directors for the first year are H. G. Rollins, T. R. Bennington, J. K. Mulkey, of Los Angeles; D. Gilbert Dexter, of San Diego, and A. E. Clark and J. H. Bryant, of St. Paul, Minnesota. The capital stock is $500,000, divided into 50,000 $10 shares, of which $300,000 is already subscribed.

The articles of incorporation of the Dry Sparkling Champagne Manufacturing Company of Los Angeles, California, were presented for filing yesterday. The purpose of the concern is the manufacture of sparkling wines. The directors are H. Griffin, M D., C. H. Howland, J. W. Green, J. S. Chadwick and Nathan Cole, Jr. The capital stock is $50,000, divided into $100 shares. $9000 has been subscribed.

That great conqueror of pain, St. Jacobs Oil, has been rightly called a medical miracle.

ARMY ORDERS.

Headquarters Department of Arizona.

By command of BRIGADIER GENERAL MILES:

M. BARBER,
Assistant Adjutant General.

Wretched, Indeed,

Are those whom a confirmed tendency to biliousness, subject to the various and changeful symptoms indicative of liver complaint, Nausea, sick headache, constipation, furred tongue, an unpleasant breath, a dull or sharp pain in the neighborhood of the affected organ, impurity of the blood and loss of appetite, signalize it as one of the most distressing, as it is one of the most common, of maladies. There is, however, a benign specific for the disease, and all its unpleasant manifestations. It is the concurrent testimony of the public and the medical profession, that Hostetter's Stomach Bitters is a medicine which achieves results speedily felt, thorough and benign. Besides rectifying liver disorder, it invigorates the feeble, conquers kidney and bladder complaints, and hastens the convalescence of those recovering from enfeebling disease. Moreover, it is the grand specific for fever and ague.

A Slight Cold, if neglected, often attacks the lungs. BROWN'S BRONCHIAL TROCHES give sure and almost immediate relief. *Sold only in boxes.* Price 25 cents.

Over-Worked Women.

For "worn-out," "run-down," debilitated school teachers, milliners, seamstresses, housekeepers, and over-worked women generally, Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is not a "Cure-all," but admirably fulfills a singleness of purpose, being a most potent Specific for all those Chronic Weaknesses and Diseases peculiar to women. It is a powerful, general as well as uterine, tonic and nervine, and imparts vigor and strength to the whole system. It promptly cures weakness of stomach, indigestion, bloating, weak back, nervous prostration, debility and sleeplessness, in either sex. Favorite prescription is sold by druggists under our positive guarantee. See wrapper around bottle. Price $1 a bottle, or six bottles for $5.

A large treatise on diseases of Women, profusely illustrated with colored plates and numerous wood-cuts, sent for ten cents in stamps.

Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main street, Buffalo, N. Y.

Dr. Pierce's "Pleasant Purgative Pellets" cleanse and purify the blood and relieve the digestive organs.

When all so-called remedies fail, Dr Sage's Catarrh Remedy cures.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

MEDICAL INHALATION

Combined with Constitutional Remedies.

OUR TREATMENT OF THE DISEASES of the respiratory passages consists in the employment of Medical Inhalation for its direct effects on the diseased organs; and, at the same time, adopting such hygienic measures and administering such medicines by the stomach as will most effectually purify the blood, give tone to the nervous system, and build up and strengthen the general constitution. In other words, we employ combined local and general treatment.

What is Medical Inhalation? Before stating briefly what Medical inhalation is, we propose, in as few words as possible, to state clearly what it is not.

Medical Inhalation is not a cure-all, a nostrum, or a panacea. It is not a specific remedy for any disease. It is not a quack medicine, or advertised to cure any or all the ills that flesh is heir to, and intended to fill the pockets of its proprietors. It is not a talisman, whose possession insures health to its possessor without the intervention of sense or judgment. Medical Inhalation is none of these things.

Medical Inhalation is simply and solely a method of taking medicines by inhaling or breathing them into the lungs instead of swallowing them into the stomach. By Inhalation, the proper medicines are applied directly to the seat of the disease, in the nose, throat or lungs; and it is clear to every reasoning person how peculiarly applicable Inhalation is in the disorders of the organs named. If you have scalded or burned the surface of the body, or wounded any limb or member, you do not swallow the remedy intended to heal the disorganized tissue. On the contrary, you apply it directly to the seat of the wound or injury. Why, then, when suffering from catarrh of the nasal passages or throat, or afflicted with ulceration of the lungs, should you rely on medicines taken into the stomach?

Medical Inhalation not only applies the proper healing remedies to the seat of the disease, but it applies the remedy in the gaseous or vaporous form, in which form, as is well known, medicines act most powerfully. How much greater, for example, is the effect of a drachm of chloroform, when inhaled or breathed, than many times the quantity when swallowed into the stomach. The same is true of chlorine, of iodine, and of many other substances. By inhalation the medicine is not poured into the stomach and thence sent wandering through the system in search of a malady which may be mainly or entirely a local one; but by this method the proper remedy is applied directly to the diseased organ. Who, after studying the anotomy of the lungs, can doubt that inflammation and ulceration of the air-tubes and air-cells, the direct application of the healing medicine by inhalation to the diseased parts, is the correct and rational method of treatment? Who, on the other hand, can be so irrational as to believe that the proper and direct way to reach the diseased surfaces of the air-passages in this case, is by the way of the stomach? Physiology teaches us that the membrane, or skin, lining the air-passages of the nose, throat and lungs, is only a slightly modified form of the same structure as that which covers the external surface of the body. Why, then, should local treatment be proper and necessary for inflammations, congestions and ulcerations of the one and not be equally so in the case of the other?

Our experience and success in treating diseases of the nose, throat and lungs, demonstrates, beyond all question, that the true scientific treatment of these diseases is that treatment which combines the local effects of medical inhalation with the constitutional effects of systematic remedies, given in the usual way by the stomach. One or both methods must be adopted as the circumstances demand, and such remedies must be employed as the experience and judgment of the physician have proved to be proper in each particular case.

Medical Advocates of Inhalation.

Physicians who were educated twenty years ago or more, and who have not kept up with the times in the advance in medical science, have very little idea of the great importance all leading writers now give to Medical Inhalation in the treatment of pulmonary diseases. To such an extent is this true that no patient should intrust his case to any physician who is not well prepared and thoroughly equipped with everything necessary for the administering of the proper remedies by the method of inhalation.

The numerous cures effected by inhalation in cases seemingly past all help, and the uniform success attending its use in diseases of the respiratory organs, renders it obligatory on every honest physician to at once apply himself to gain a practical knowledge of the Inhalation, or, if that is not possible, he is at least bound to decline to treat such cases.

Among the most eminent physicians of the age who are fully awakened to the value of Medical Inhalation in these diseases are the following:

The celebrated Dr. Burdon Saunderson; Dr. La Roche, of the Paris Academy of Medicine; Dr. Frederick Langhaus, of Berlin; Drs. Klebs and Tommasi-Crudeli; Sir Archibald Dickson, of Edinburgh, Scotland; Dr. Eighler, Dr. Cameron, Dr. Gurdon Buck, Prof. Albert Lehert, the celebrated Dr. Hughlings Jackson, the venerable Dr. Robert Dickinson, Prof. Thierfelder, Spencer Wells, Dr. Hilton Flagge, Dr. G. P. Wood, Drs. Fritsch and Hitzig, Dr. Fothergill, Dr. Richard Thompson, Dr. R. S Carpenter, Drs. Anstie, Ball, Fuller, Lancereaux, Krauss, Huguenie, Heller, Orth, Corrigan, Fenwick, and many others.

With scarcely a single exception every medical authority of eminence recognizes the wonderful potency of this new method, and the coming generation of physicians are certain to be thoroughly educated therein. At present it is only a few physicians here and there who have made "Diseases of Respiration" a life study that are fitted in any way to employ the wonderful resources of Medical Inhalation in the cure of these diseases.

The Curability of Consumption.

For five years the celebrated Dr. I H Bennet was pathologist to the Royal Infirmary of Edinburgh, and in his great work on "Consumption" he makes the following statement:

"During this period I made upwards of 2000 post-mortem examinations of persons dying from various diseases, and I was constantly meeting with cases in which I found cavities in the lungs from consumption, which had evidently healed up or cicatrized years before the death of the subject. Nature did not seem to have been successful in restoring the wasted lung-substance, but the cavities were dried up, the progress of the disease arrested, and the subject lived for years, with diminished lung power it is true, but otherwise in good health."

A LONG-FELT WANT SUPPLIED!

OWING TO THE FACT THAT THERE ARE A GREAT MANY ERRORS made in taking assessments of property, by the owners not being familiar with making out statements, or not having time to attend to doing so, I have concluded to make a specialty of that branch of business, and will take charge of the property of all who wish, at a reasonable fee. Having had

SEVEN YEARS' EXPERIENCE

In the assessing of property and the collection of taxes, I feel that I can watch after the interests of those who employ me perhaps better than they could themselves, and save them time and money. Those who wish to leave their property in my hands will please call at the office of PARCELS, AGUIRRE & CO., 12 Court Street, or address me at above place.

The Latest and Greatest Discovery.

DR. J. DE PRATT'S HAMBURG FIGS—A crystallized fruit cathartic. A discovery of the greatest interest to the medical profession. A boon to every household. A most delicious laxative or purgative, prepared from fruits and vegetables. So perfectly harmless that they may be administered with entire safety to an infant. So efficacious to adults that a single dose will prove their value, and so elegant a preparation that it needs only to be presented to the public to become a necessity in every household throughout the land. For liver complaints, habitual constipation, indigestion, dyspepsia and piles, they are a specific. To travelers by sea and land they will be found invaluable; they are positively unfailing in their action, and this is the only medicine ever offered to the public that is acceptable to the taste, and so pleasant that children will eat the figs as eagerly as candy. Carbolic Smoke Ball
[TRADE MARK]

Is pleasant and harmless. It is taken by inhalation, dissolves on the diseased parts, cutting loose and removing the mucous matter, and will clear the head, throat, bronchial tubes and lungs in a few minutes. A single application gives immediate relief in colds, catarrh, bronchitis, hay fever, croup, neuralgia, headache, sore throat, and, if used in connection with our Debellator Treatment, is warranted to cure every case. Asthma and all lung troubles relieved in five minutes and cured in nearly every case. The "Carbolic Smoke" will remove the local troubles and the Debellator (a purely vegetable treatment) will cleanse the liver, cure indigestion, regulate the bowels, purify the blood and drive out of the system all trace of disease. Remember, it is THE GREATEST ANTICEPTIC REMEDY KNOWN! This great remedial agent, formulated and thoroughly tested by its originator (an eminent physician) while actively engaged in the special practice of head, throat and lung diseases, extending over a period of twenty years, on being placed before the people in its present form—the embodiment of simplicity—sprang at once into popular favor by the wonderful cures obtained from its use.

THESE DISEASES ARE EMIGRATING TO PARTS UNKNOWN,

They Can Thrive No Longer in This Country, Because This Great Remedy is Being Introduced into Every Home.

OUR ASSERTIONS AND CLAIMS.

CATARRH—Cured in three months; warranted.

ASTHMA—Cured in nearly every case—relieved in five minutes, but Debellator Package must be used in connection with Smoke Ball.

HAY FEVER—A cure guaranteed if taken in time. No symptoms of the disease returning. The Debellator Package must be used in connection with the Smoke Ball.

BRONCHITIS—Cured in every case—warranted. The Debellator should be used with the Smoke Ball.

DEAFNESS—Cured in from three to six months, if the drums of the ears are not destroyed. Hot salt water used in connection with special instructions.

EYES—Granulated lids, weakness of the optical nerves, etc., cured in four to six weeks. Relieved in five minutes.

CROUP—Relieved in three minutes and cured in twenty-four hours.

ULCERATION OF THE LUNGS—Relieved in five minutes and cured in one week. The Debellator Package must be used in addition to Smoke Ball.

NEURALGIA—Cured after the third dose, and it will not return if the remedy is occasionally used.

SNORING—Three doses each night, before retiring, cures this trouble.

DIPHTHERIA—Carbolic Smoke Ball destroys the germ of this disease and should be given as a preventive.

COLD IN THE HEAD—Cured in fifteen minutes.

COLD IN THE CHEST—Cured in twelve hours.

SENT BY MAIL, with full directions, on receipt of price ($3 and 2 postage stamps) Debellator Package to be used in connection with Smoke Ball in all asthmatic, bronchial and chronic cases, $2 additional. Please give full description of disease.

OFFICE HOURS—Week days, from 9 A. M. to 8 P. M.; Sundays, from 2 to 4 P. M.

☞SEPARATE APARTMENTS FOR LADIES (in charge of female attendants), who are requested to call between the hours of 10 A. M. and 5 P. M., to avoid the crowd.

The "Illustrated Herald."

The forthcoming number of the ILLUSTRATED HERALD will surpass in attractiveness and interest any preceding issue of this very superior publication. The engravings have been executed by the best artists on the Pacific coast, and the mechanical finish of the whole publication will be such as to reflect credit upon the good taste and workmanship of the printers. It will be filled with carefully prepared articles on Southern California, and every interest of Los Angeles county will find itself ably presented and discussed in its columns. As a compilation of facts relating to the attractions and progress of our section, the ILLUSTRATED HERALD will be invaluable to send abroad. It will give the stranger a comprehensive and graphic idea of the value of our section to the Easterner seeking for a new home, and by its dissemination will materially assist in accelerating the gratifying march of our city in its unexampled career of prosperity. The ILLUSTRATED HERALD will be ready for distribution about the 8th of March. Orders should be sent in immediately.

Growing Western Cities.

Los Angeles is not the only Western city which is experiencing an era of great prosperity, and where real estate is advancing at a very rapid rate. Our attention has been called to the fact that the town of Wichita, in Kansas, has developed in a few years from a mere hamlet to a city of thirty thousand inhabitants. In the columns of the *Eagle* of that city, we find the record of real estate sales there for three weeks, as follows:

Week ending January 23	$2,444,248
Week ending January 30	2,613,075
Week ending February 6	2,631,685

These figures denote a very healthy condition of the real estate market in Wichita. A gentleman who lives in that thriving city, and who is here on a flying visit, informs us that the people there are convinced that the era of prosperity there has just commenced, so to speak, and from what he has seen here in Los Angeles, and his knowledge of the tendency of booms in progressive cities, he is satisfied that we are only just beginning to feel the business expansion and the growth of population which is destined to make Los Angeles a metropolis of extraordinary dimensions. The first-class cities of the West have reached their culminating period of growth, and in proof of this, he cites the fact that for the week ending February 12th the transfers of property in Chicago only amounted to $1,011,608. His deductions from facts like this is that the men who have amassed wealth in the older cities are transferring it to the cities of new growth, and that Los Angeles being the most conspicuous of those now attracting the attention of capital, there will be a great and constant inflow of money here from those centers to be used in buying real estate. Another point we wish to make in this connection is the fact that we are still in Los Angeles without one of the efficient aids in the handling and movement of capital that has proved so beneficial in other cities. In Wichita there is a clearing house, and the data in connection with this instituiion is suggestive, as the following table of business for three weeks will show. The amount of money adjusted and distributed at the Witchita clearing house for three weeks, was as follows:

Week ending January 22	$1,540,019
Week ending January 29	1,895,510

Business men will at once recognize the value of an institution which can segregate and pay over such amounts of money every week It only needs to state these facts themselves to make it obvious to the people here that a clearing house ought to be at once established in Los Angeles.

THE Pacific coast has no reason to find fault with Congress at its session just closed. The trade dollar, which had been clamored for in California fourteen years ago as a necessity of exchange at that time, and then became degraded and disused by an act of the Republican representatives of the people of the United States, has been taken in by the act of the past Congress and ordered re-coined into standard dollars, which are a legal tender.

The bill for the redemption and recoinage of trade dollars passed this Democratic Congress by a vote of 174 to 36. This is a notable showing of the sympathy of the party in power with the interests of the Pacific coast. The bill provides:

SECTION I. That for a period of six months after the passage of this act, the trade dollars, if not defaced, mutilated or stamped, shall be received at their face value in payment of all dues to the United States, and shall not again be paid out or in any other manner issued.

Section 2 provides that during the above period the holder of trade dollars, not mutilated, defaced or stamped, may receive in exchange, on presentation of the same at the Treasury, or any sub-treasury, a like amount and value, dollar for dollar, in standard silver dollars, or in subsidiary silver coins, at the option of the holder.

Section 3 directs that the trade dollars received by the Government in payment of dues or in exchange shall not be paid out, but shall be recoined into standard silver dollars or subsidiary coin at the discretion of the Secretary of the Treasury, provided that the recoinage of trade dollars recoined under this act shall not be considered as part of the silver bullion required to be purchased and coined into standard dollars, as required by the act of February 28, 1878.

Section 4 repeals all laws authorizing the coinage and issuance of trade dollars.

This bill was carefully drawn in the interests of the people, and provides that this coinage should not interfere with the regular coinage of silver so it would not contract the volume of circulation, but would rather increase the same, according to the increase of population and business requirements.

Hon. Samuel J. Randall, a Democratic member from a Republican district in Pennsylvania, not known to be in favor of silver products of the west declared that this bill was only one of common honesty, and that he had lived long enough to get rid of some of his apprehensions about silver. Mr. Randall represents a large sentiment that prveailed in the last Congress, and the action of the House of Representatives in refusing to stop the coinage of standard dollars, and in granting the appropriations for California for harbors and public buildings, the recoinage of trade dollars, in refusing to remove the duty on raisins, brandy, wine, wool and semi-tropic fruits only intensified the friendship of the party in power for the people of California.

To find fault is easy; to legislate wisely for sixty millions of people, whose pursuits for livelihood are various and connected with the commercial relations of all civilized nations is one before which any statesman might stand in utter perplexity.

Not only has a Democratic Congress dealt generously and thoughtfully for California, but the Government has given the contract for constructing a portion of the steel vessels of war to this State. Hereafter the combinations of capital, so potent under other administrations, to cause nearly all great vessels of war to be built in New York or Philadelphia, will not prevail, but the great West will have a respectful hearing and a just consideration at the hands of a Democratic administration.

THE Wall-street capitalists of both political parties have strongly maintained that the coinage of the standard dollar, with 412½ grains silver as a legal tender equivalent to 25 8-10 grains in gold, would drive that metal out of circulation, has been so often shown in the columns of the HERALD to be a false proposition that it seems almost needless to refer to it again; and yet this delusion from time to time lifts its hydra-head and has to be put down by facts. It seems, by the following statements, that are undeniably true and a part of the financial history of nations, that, during the ten years ended with 1884, out of a gold coinage of $1,606,000,000 by the states of the commercial world, more than eighty per cent. of that vast amount of gold was coined by states that used silver concurrently with gold at a valuation to silver coined at which that in our dollar would be worth 103 cents! Nor is this all. France, in the same decade, while possessing a silver circulation of $14 per head, has not lost, but gained $263,833,135 in gold by imports in excess of exports of the metal to that amount; while Great Britain, under her system of monometallism gained during the same period but $21,917,000. Moreover, during the decade, France converted into coin or to money uses $171,000,000 of the gold she acquired, while Great Britain thus applied only $77,700,000, or barely $7,000,000 more than the little bi-metallic State of Belgium, with a population of less than six millions of souls.

From these statements it is clearly shown that silver is not an antagonist of gold but a friend, and the nations that are friendly to silver obtain the most gold.

The silver production in the last ten years, the greatest which was ever produced, is estimated at $1,000,000,000. Of this India absorbed annually $40,000,000, China $8,000,000, the islands of the Pacific $12,000,000 more, leaving only $40,000,000 annually for commercial use, for loss and manufactures, or about 66⅔ cents for the people of the United States to use up per capita in a year, a sum not excessive when the vast amount of silverware manufactured in this country is considered. New York, Connecticut and New Jersey together can dispose of $10,000,000 of this amount annually in manufactures, with all the rest of the nation to hear from. There is no danger of an overplus of silver.

THE overwhelming expression of the bar of Los Angeles in favor of the appointment of W. P. Gardiner, Esq., as a Judge of the Superior Court of Los Angeles county, to fill the vacancy caused by the resignation of Judge A. Brunson, has been responded to by his appointment by Governor Bartlett. Three of the judges of this court are comparatively young men, Judges Cheney and Hutton being each but thirty-eight years of age and Judge Gardiner thirty-nine. But while young in years they are well read lawyers and jurists and will be an honor to the State. Judge O'Melveny, with his long and ripe experience at the bar and on the bench, has an unsullied reputation that needs no mention by the press of the city,

REAL ESTATE ON MONTHLY INSTALLMENTS.

Also, a Choice Tract of 90 Acres or Subdivision, and an Excellent Dairy, CORN AND STOCK FARM, FOR SALE STRICTLY ON THEIR MERITS.

No brass band at your expense; no free lunch or houses given away; no by-bidding at auction sales; no lottery schemes required in selling property that has REAL MERIT; for those who reason for themselves and compare notes as to values and advantages of property we may offer over adjacent real estate. We are here to stay, have a due regard for public opinion, and, in the end, find it more pleasant and profitable to recommend such properties as have never failed to realize profit to purchasers Among our best bargains are:

First—An additional subdivision of 20 acres (the first 20 having been closed out at lower figures), lots 50 feet front, wide streets, 1 mile east of our city limits. Grand View of mountains north, valley and ocean south, portion of city west; perfectly level; the only tract east of the city limits having its own reservoir. Besides, these lots have a new well, 80 feet of excellent water, large windmill and tank for domestic purposes free. $20,000 is now being expended under contract on grading Second street alone, to be completed in 70 days. 50 acres have been donated for a magnificent college. It is between the proposed cable and electric roads (partly completed) not far from street cars now running. PRICE, $150 PER LOT. Terms, $30 down and $10 monthly installments. No interest. Valuable developments will be made within the next 30 days, after which prices will be advanced.

Second—A beautiful tract of the choicest land for subdivision of 90 acres. A grand view, nearly all level; no alkali or adobe land; near our city limits; has an over-supply of excellent water; on the line of march of valuable improvements. ONLY $400 PER ACRE. Terms to suit.

Third—One of the choicest dairy farms in this county, or unsurpassed for corn, alfalfa and stock; 144 acres, 12 miles from the city, on railroad, all fenced; good improvements, flowing wells; running stream; one-third in alfalfa. A great bargain. Terms to suit.

We have all kinds of city and county property for sale.

DAILY HERALD.

THE POSTOFFICE.

It is Probable That Mail Facilities Will be Impaired.

To-morrow three of the present clerks at the postoffice will be compelled to sever their connection with the office, owing to the fact that there is not money enough allowed by the Government to pay them for their labor. The Postmaster has for several months past paid these clerks out of his own pocket, and he has decided to call a halt. He is not endowed with the riches of a Vanderbilt, and feels that the Government should bear a portion of the expenses of the office. The force at present consists of four delivery clerks, three mailing clerks (one temporary), two separators, two box-clerks, one money-order clerk and one registry clerk. There is also an Assistant Postmaster. Most of these clerks get only $50 per month and work fully twelve hours per day. Three of these clerks are paid by the Postmaster. Even with these three extra clerks and the long hours they work, there is continual complaint as to the manner in which mail is handled. To-morrow when these three clerks are taken away the difference will be seen by all. Persons having boxes will have to wait several hours for their mail to be distributed. The remaining force will endeavor to handle all the letter mail and regular papers, but it will not be dons, as before. The transient newspapers will have to go by the board and remain in the office unhandled. This is a serious state of affairs and is causing some uneasiness. The Board of Trade sometime ago started a subscription list for the purpose of getting a fund sufficient to pay three postoffice clerks for three months, only about $40 was subscribed and the matter was dropped. Yesterday the paper was again sent on its rounds, but the subscriptions amounted to little.

THE NOGALES TROUBLE.

General Miles Thinks that It Is not Serious.

A representative of the HERALD called upon General Miles last evening at the Nadeau House, and ascertained that he had not received any news from Nogales during the day, and for that reason he thought that the difficulties had not been so serious as was expected, and that peace was established. He did not think the trouble grew out of any hostility, but partook more of the nature of a riot or squabble. Captain Lawton started for Nogales yesterday morning, but he was going anyway and did not start on account of the troubles. By that time the Governor of Arizona was in the town and no doubt controlled the situation without need of the assistance of the army, although two companies of cavalry were on hand ready for service. Nogales is ratherly queerly situated, being partly in the United States and partly in Mexico. In fact, the line runs through some of the houses and smuggling is said to be very prevalent. Mexican troops are always on hand to prevent smuggling, but just what business the officers had out of their own territory the General did not know. It was his opinion, however, that it was their fault, but the result would not amount to much. Of course, anything tending to make trouble between the two nationalities living in the same town, so situated, would create a great deal of talk, but in the absence of news there was every reason to believe that the matter had blown over and had amounted to nothing more than a street brawl.

A FORGER.

He Uses O. W. Child's Name in an Unlawful Manner.

There was a man in town selling gas or meter regulators, and he went by the name of George Von Renialto. The machine he sells will, he claims, tell exactly how much gas a person uses, and will prevent the escape of gas and otherwise tend to lower the monthly bills which people have to pay for light. He was not very successful in the sale of his machines, and night before last, while engaged in the seductive game of faro at a Spring-street resort, found himself out of ready money. He was desirous of tempting fortune to the limit and "changed in" a check for $100, drawn in his favor on the Farmers' and Merchants' Bank and signed with Mr. O. W. Childs' name. The cashier of the game was gratified to receive the check. He had probably never before had a piece of paper with Mr. Childs' name signed to it on his table, and he was inflated with the idea that his game was taking on a tone of respectability. His elation was short-lived, as when he presented the check at the bank yesterday it was pronounced a palpable forgery, and payment refused. Von Renialto is now badly wanted, but he has gone to some other country, probably for his health. He borrowed $15 from Bisbee & Wenger, of the Opera Saloon, but he left one of his gas regulators as security, so these gentlemen are safe. He also borrowed $30 from John C. McMenomy, leaving a diamond ring in pledge. The ring is valuable and John is not out.

Board of Public Works.

The Board met in regular session yesterday morning, all the members, City Surveyor Eaton and Street Superintendent Pike present.

Recommended that the petition of Geo. Cummings to have First street grade cut down be laid over for one week.

On petition of Ralph Rogers for electric railway franchise, the Board ask for further time.

On the petition of R. E. de Hart and others to have grade of Union avenue established. Recommended that the City Surveyor prepare same.

On petition of Mary Green. Report that former recommendations of the Board provide for appraising damages to her property.

On petition of J. D. Bicknell, recommended that the Clerk advertise for two weeks for the grading of Rock street, between Fort and Cemetery avenue, one-half of the work to be paid for by the abutting owners.

Recommended that the City Surveyor set stakes for the side lines of Pico street, between Main and Figueroa streets, in accordance with ordinance defining same, and that the Street Superintendent order the removal of all obstruction included within said street lines.

Recommended that the petition on Texas street for a change of grade, between Temple and Courthouse streets, from a 3-per-cent to a 4-per-cent grade be granted, and the City Surveyor be instructed to propose change in accordance therewith.

All matter pertaining to the granting of franchises to the various petitioners for cable roads, etc., was postponed in order to allow the City Surveyor time to get out a map showing the position of roads now in operation and those in contemplation.

A large number of New York capitalists have commenced purchasing land in Pasadena, at the base of the mountains, about 1500 feet above sea level. They pay cash.

FINANCE AND TRADE.

A Review of the Day's Transactions.

NEW YORK, March 5.—Stocks to-day were duller than at any day of the past week, and though there was an undertone of strength, prices were held barely steady. The opening was steady to firm, with majority of the slight changes in the direction of higher prices. Trading was dull and generally steady. Prices at noon showed almost no change from those at the opening, after which a sagging tendency was noticed, which, however, disappeared when Western Union became strong. The close was dull and steady at insignificant change from the opening prices.

Railroad bonds were dull, the only activity being in Texas Pacific Income Trust receipts, in which the sales were $1,000,000 out of the total day's business of $1,108,000. Prices were steady to firm and changes were unimportant. Governments dull and steady.

SAN FRANCISCO, March 5.—The session of the San Francisco Produce Exchange was one of animation this morning. Buyer season wheat, which closed yesterday afternoon at $1.58¾ per cental, opened to-day at an advance of 4¾c, fell to $1.42⅜, rose to $1.63¾, and amid much excitement closed at $1 65⅜. Buyer 1887 opened at $1 67½, a rise of 2½c. Heavy sales were made at this figure, and the market closed at $1.68⅛. Spot, season, storage paid, which closed yeste day at $1.52½, opened to-day at $1.56 and closed at $1.55⅞. The barley market was also active and higher. No. 1 feed, buyer season, opened at 98c, an advance of 1⅝c over yesterday's closing prices, and closed at 99½c.

THE OVERLAND MONTHLY

—AND—

SOUTHERN CALIFORNIA.

The large and steadily increasing subscription list of the OVERLAND MONTHLY throughout Southern California, and the cordial welcome extended to the Magazine by all classes alike give the managers of the enterprise good reason to believe that the time has come for the permanent establishment of an office in Los Angeles City to strengthen the literary and business relations of the Magazine in Southern California, Arizona, New Mexico, and the Southwest.

In pursuance of plans definitely formed several months ago the OVERLAND MONTHLY has opened an office in ROOMS 56 and 57, BAKER BLOCK, under charge of Mr. A. A. Bynon, of Los Angeles, and Mr. F. W. Stowell, of our San Francisco office.

The General Manager of the Magazine is at present visiting Los Angeles and will make a tour of observation throughout the extensive territory to be reached from our Los Angeles office, establishing sub-agencies, gathering material for future magazine articles and securing new contributors to write important outdoor and descriptive studies of permanent interest to all the readers of the Magazine. Articles are now in preparation, or promised at an early day, upon "The Mineral Resources of Southern California," "The Cattle Interests of Arizona," "The Los Angeles Petroleum Belt," "Southern California Flower Festivals," and many other practical topics of immediate material value.

RUPTURE!!

TO THOSE WHO MAY DOUBT THAT Rupture is curable, we respectfully call attention to the following letters, which have just been received at our St. Louis office, and would state that we have received hundreds of just such letters since our celebrated "Dr. Pierce's Patent Magnetic Elastic Truss" has been before the public:

SALEM, DENT COUNTY, Mo., July 10, 1886.—Messrs. Pierce & Son, St. Louis, Mo.—Sirs: I feel under obligations to acknowledge my complete cure by the Magnetic Electric Truss bought from you in September. Without the slightest confidence of hope of a cure, I was very well contented with the effects of the Truss after I had succeeded in adjusting it. I was not able to wear it without a pad under it, however, but never experienced the slightest inconvenience since then. I have continually performed the hardest labor incidental to farming, and have been practically unconscious of either Truss or rupture. I cannot positively name the exact date when the cure was completed, but have not been aware of the rupture for more than two weeks. I have since then lifted my best without wearing the Truss; and have tested the cure other wise, but intend to wear the Truss some time yet as a safeguard. You are at liberty to make use of my statements at pleasure, and may they be an inducement to many to seek and find relief through your incomparable Truss. Gratefully yours,

CHARLES MARTEL.

Avoid inferior imitations of Dr. Pierce's Trusses. Our new Illustrated Pamphlet No. 2 is just out. Send for a free copy.

People vs. C. V. Bainsford—Disturbing the peace; sentence on Monday.

People vs. C. V. Bainsford—Embezzlement; tried and acquitted.

People vs. J. A. Wilson, James Patterson and Edward Davis—Robbery; held to answer; committed in default of $1000 each.

People vs. Maud Wilson—Robbery; examination on March 9th at 10 A. M.; bail, $1000.

People vs. Julio Ballardez and Francisco Lopez—Petty larceny; dismissed.

People vs. Eddie Keefe, a minor—Vagrancy; committed to San Francisco Boys and Girls' Aid Society.

TOWNSHIP COURT—TANEY, J. P.

People vs. C. White—Battery; trial March 12th at 10 A. M.

People vs. Gus Hall—Assault; acquitted.

CRIMINALITIES.

Record of Police Business and Arrests Yesterday.

The case of Julio Ballardez, charged with petit larceny for taking some chickens from a ranch about thirty-five miles away, was dismissed yesterday on account of absence of testimony to convict.

A. W. Ellis, of St. Louis street, reports two horses stolen, one a large bay and the other a light dun.

G. E. Meharry, of Pasadena, reports missing a large amount of harness, supposed to be stolen.

C. V. Bainsford was arrested yesterday on two complaints, for disturbing the peace and for embezzlement. Bainsford has been working for the Southern California Vinegar and Pickle Company, and severed his connection with them in a row for which he was convicted and will be fined on Monday. The other and more serious charge was dismissed. Justice Austin thought the system of bookkeeping of the firm too mixed to sustain the charge of embezzling $3 out of $323 collections in a month.

The examination of J. A. Wilson, James Patterson and Edward Davis, charged with robbing H. C. Coe, took place yesterday before Justice Austin. The testimony convinced the Justice that the detendants should be held in $1000 bail each to answer before the Superior Court.

Maud Wilson, an inmate of Agnes Bernal's house, was arrested yesterday and charged with robbing Agnes Bernal of a number of dresses, underwear, shoes, etc., valued at $73. Justice Austin fixed the bail at $1000, and set the examination for Wednesday.

The following discharges from San Quentin, together with the terms of sentence and counties where convicted for February has been received by the Sheriff:

Adam Posky, 3 years and 6 months for burglary, from Alameda county; E. M. Woodbury, 5 years, forgery and embezzlement, Los Angeles; Wm. Levy, 1 year, burglary, Shasta; Frank Kelly, 7 years and 6 months, burglary, San Francisco; G. W. Anderson, 2 years and 2 months, grand larceny, Contra Costa; Joe Fox, burglary, 1 year, San Diego; Wm. Nilson, burglary, 1 year, San Diego; Jas. Parmer, forgery, 2 years, Modoc; F. J. Blake, forgery, 3 years, Stanislaus; John Williams, burglary, 5 years, San Joaquin; Chas. Feldtrauer, burglary, 1 year, San Diego; A. Peterson, burglary, 3 years, Colusa; Ah Joe, petit larceny, second offence, 2 years, Sonoma; Jos. Grant, burglary, 3 years, Stanislaus; Joe Thomas and Geo Williams, burglary, 3 years, Stanislaus; Ah Lock, manslaughter, 5 years, Butte; Jack Riley, manslaughter, 10 years, San Bernardino; Samuel Millett, burglary, 3 years, San Francisco; Christian Rosmison, robbery, 7 years, Contra Costa; Samuel Fowler, grand larceny, 1 yer, Fresno; Ah Dan, assault with deadly weapon, 2 years, Santa Clara; John Kelly, burglary, 4 years, San Francisco; and Theodore Mendes, burglary, 3 years, San Francisco.

IGNORANT JUSTICES

Punish Men, but Faulty Commitments Free Them.

Philip Williams, who was a witness in the Perkins Baldwin case, was tried before James Wright, J. P., of Pomona, by a jury on the 24th of February, for disturbing the peace, and was found guilty. The Court ordered Williams to be imprisoned in the county jail for ninety days and to pay a fine of $200. Unfortunately in making out his commitment, the dispenser of justice of Pomona merely mentioned that the defendant Williams had been found guilty of misdemeanor, without explaining the crime more substantially, in accordance with the statute. Williams sued out a writ of habeas corpus before Judge Brunson, on the ground that the commitment holding him in custody was defectory, and the Court, having so held, discharged the man Williams.

Bound North.

The following left on the 1:30 train yesterday: W. S. Newhall, E. C. Younger, A. Britton, M. Chapman, A. J. Wilder, M. Graves, J. M. Rand, S. S. Stevens, M. Gold, L. Dutton, J. K. Perry, D. M. Rose, J. R. B. Ranson, Mr. Stuetevans, Mr. Smith, F. L. Martin, A. F. Scott, Mr. Barnes, Mr. Pierce, J. H. Sessions, A. A. Jackson.

The following left on the 7:30 train: A. Meyer, Mrs. N. M. Heniman, G. N. Fenn, Mr. Dreyfus, A. H. Rell, H. C. Moore, F. Meyer, J. S. Clark, E. A. Reman, Mr. Gaffey, Mrs. Coleman, J. E. Chappel, H. Fuchs, J. C. Kulton, C. C. Thayer, S. S. Hunie. L. E. Thayer, W. H. Hawley.

The Smallpox.

Dr. Hagan, the Health Officer, reports that up to the present time there have been twenty-five cases of smallpox, of which thirteen are now in the hospital, seven outside and quarantined, and three dead. Two have been discharged from the hospital or pesthouse cured, and four more will be discharged on Monday. Dr. Hagan thinks that there is no fear of an epidemic, since nearly everybody has been vaccinated and revaccinated.

Two cases of smallpox were reported yesterday, one in the Moore Block and the other on Olive street. Both cases were of the mild type, but the patients were removed to the pesthouse for safety.

Marriage Licenses.

The following persons were yesterday licensed to wed: J. Etchegaray to M. Marticorena, J. C. Norcross to A. M. White, H. Burk to M. Neighbours.

A careless nurse cannot poison a child with Red Star Cough Cure. No opiates.

Cure for Piles.

PILES are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding and itching piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address the Bosanko Medicine Co., Piqua, O. Sold by E. F. Heinzeman.

MEDICAL.

Santa Abie,

Pleasing to the Palate and Death to a Cough.

CALICO, Cal.—I have had the Catarrh for five years and could hardly talk plain; I could not breathe through my nostrils. Your California Cat-R-Cure has cleared out my head and I can talk plainer now than I have for the past five years. Your medicine is all it is represented, an absolute cure for Catarrh and cold in the head.

Yours truly, CHARLES C. OVERSHINER.

WOODLAND, Cal.—Your medicines are selling better than any other shelf goods, and give satisfaction to all purchasers. The Cat-R Cure is praised very highly by all who have tried it, and many cases have been greatly benefited by its use when all other remedies tried have proved of no benefit. Yours truly, POND & LAWSON.

FOLSOM, Cal.—I used Butte-Tine in chronic rheumatism with great benefit. Please send a supply to J. W. Haines, Genoa, Nev., and oblige yours truly, F. C. DURANT, M. D.

SANTA ABIE is only sold in large bottles at $1; three for $2 50. Sold by all wholesale and retail druggists.

Notice of Foreclosure Sale.

JOSEFA A. DE CELIS ET AL, PLAINTiffs, vs. Geo. K. Porter et als, defendants—Sheriff's sale No. 5273—Order of sale and decree of foreclosure and sale. Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the county of Los Angeles, State of California, on the 2d day of March, A. D. 1887, in the above entitled action, where Josefa A. de Celis et al the above named plaintiffs, obtained a judgment and decree of foreclosure and sale against Geo. K. Porter et al, defendants, on the 16th day of May, A D. 1884, for the sum of $1776 12-100 dollars, with interest from May 16, 1884, at the rate of 7 per cent per annum, which said decree was, on the 13th day of January, 1887, recorded in judgment book 7 of said court at page 332 et seq. I am commanded to sell all that certain lot, piece or parcel of land situate, lying and being in the county of Los Angeles, State of California, and bounded and described as follows: All the right, title and interest of the defendant, George K. Porter, which he had on the 14th day of June, 1876, or which he has since acquired in and to the rancho known as the Ex-Mission of San Fernando, situate in Los Angeles county, California, being the same rancho described in a certain deed of conveyance executed by Eulogio F. de Celis, administrator of the estate of Eulogio de Celis, deceased, to the defendant, Charles Maclay, and a mortgage executed by the latter to the former, both dated August 31, 1884, described as follows, to-wit:

Beginning at the point where the south line of section twenty-nine (29), township two (2) north range fourteen (14) west San Bernardino meridian, intersects the east boundary line of said rancho; thence north 8° west three hundred and forty-two (342) chains to station number three (3) of final survey of said rancho as made by the Government of the United States and shown by the patent of said rancho; thence south 81° west ten and fifty-hundredths (10 50-100) chains to station number four (4) of said survey; thence north 82½° west twenty-one and fifty-hundredths (21 50-100) chains to station number (5) of said survey; thence north 74½° west sixty-four (64) chains to station number six (6) of said survey; thence south 82½° west forty-nine 50-100 (49 50-100) chains to station number seven (7) of said survey; thence north 41° west twenty-two 50-100 (22 50-100) chains to station number eight (8) of said survey; thence north 26° west twelve (12) chains to station number nine (9) of said survey; thence north three (3) degrees west fifty-three 50-100 (53 50-100) chains to station number ten (10) of said survey; thence north 60° east six (6) chains to station number eleven (11) of said survey; thence north 16½° east one hundred and five (105) chains to station number twelve (12); thence north 66° west (80) eighty chains to station number thirteen (13) of said survey; thence south 86° west two hundred and seventy-six (276) chains to station fourteen (14) of said survey; thence north 54½° west one hundred and thirty-two (132) chains to station number fifteen (15) of said survey; Thence south 47¾° west, twenty (20) chains to the point where the said last line of the boundary of said rancho intersects the easterly line of the lands of the right of way of the Southern Pacific Railroad Company through said rancho. Thence following said easterly line of said right of way until the same intersects the south line of section twenty-nine (29), township three (3) north, range fifteen (15) west, San Bernardino meridian. Thence south on the section line three (3) miles to section corner 10-11-14-15, township two (2) north, range fifteen (15) west, San Bernardino meridian. Thence west one mile to section corner 9-10-16 15, township two (2) north, range fifteen (15) west, San Bernardino meridian. Thence south three (3) miles to section corner 28-27-33 34. Thence east on the section line four (4) miles and sixty (60) chains to the place of beginning, containing sixteen thousand and five hundred (16,500) acres, a little more or less, excluding therefrom the right of way of the Southern Pacific Railroad Company through said tract, the same being a portion of the lands described in the mortgage foreclosed in this action.

Public notice is hereby given that on Tuesday, the 29th day of March, A. D. 1887, at 12 o'clock M. of that day, in front of the Courthouse door of the County of Los Angeles, on Spring street, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment, with interest and costs, etc., to the highest and best bidder.

Dated this 4th day of March, 1887.

Is your hair turning gray and gradually falling out? Hall's Hair Renewer will restore it to its original color and stimulate the follicles to produce a new and luxuriant growth. It also cleanses the scalp, eradicates dandruff and is a most agreeable and harmless dressing.

A Blessing to the Human Race.

California with her extensive and never failing wheat fields are a great blessing to the Human Race, yet Abietene which can only be produced in the Golden State is destined to become one of her chief products and be as much of a blessing to the world as her wheat fields. Abietene has great healing and purefying qualities, and by incorporating it into the Abietene Cough Balsam as we have, it makes a Cough Remedy that has no equal. And there is nothing that heals the lungs so rapidly and cure all throat and lung troubles so thoroughly. It contains no opium. Price 75 cents. Sold by C. F. Heinzeman.

It is spring. A resurrection of nature's latent forces is taking place. Like the world around you, renew your complexion, invigorate your powers, cleanse the channels of life. Ayer's Sarsaparilla is the means to use for this purpose.

Protect the Complexion.

Fine raiment is of less importance than a good complexion, yet the latter is within the reach of all. To secure a youthful, clear and smooth complexion, use only Camelline, pink or white, protecting the complexion and instantly beautifying the skin. Price of Camelline is fifty cents.

Free Tests.

At the ladies and gents' parlors of the "Carbolic Smoke Ball," rooms 3 and 4, over 28 North Spring street, Los Angeles, Cal., they give free tests in order to prove their assertions. Truly, it's a wonderful curative discovery for such diseases as catarrh, colds, asthma, etc. Send for testimonials of our best citizens. They are worth reading.

Just What They All Say.

Hon. D. D. Haynie of Salem, Ills., says he uses Dr. Bosanko's Cough and Lung Syrup in his family with the most satisfactory results, in all cases of Coughs, Colds and Croup, and recommends it in particular for the little ones. Sample bottle 5 cents at C. F. Heinzeman.

A Pretty Woman's Secret.

Fear of discovery, when she resorts to false hair and dyes, is a source of constant anxiety to her. The very persons from whom she most desires to hide the waning of her charms are the ones most likely to make the discovery. But there is no reason why she should not regain and retain all the beauty of hair that was her pride in youth. Let her use AYER'S HAIR VIGOR, and, not only will her hair cease to fall out, but a new growth will appear where the scalp has been denuded; and locks that are turning gray, or have actually grown white, will return to their pristine freshness and brilliance of color. AYER'S HAIR VIGOR cures

Hereditary Baldness.

GEORGE MAYER, *Flatonia, Texas*, was bald at 23 years of age, as his ancestors had been for several generations. One bottle of HAIR VIGOR started a growth of soft, downy hair all over his scalp, which soon became thick, long, and vigorous.

Ayer's Hair Vigor

is *not a dye*, but, by healthful stimulation of the roots and color glands, speedily restores to its original color hair that is

Turning Gray.

MRS. CATHERINE DEAMER, *Point of Rocks, Md.*, had her hair suddenly blanched by fright, during the late civil war. AYER'S HAIR VIGOR restored it to its natural color, and made it softer, glossier, and more abundant than it had been before.

Scalp Diseases

Which cause dryness, brittleness, and falling of the hair, dandruff, itching, and annoying sores, are all quickly cured by AYER'S HAIR VIGOR. It cured HERBERT BOYD, *Minneapolis, Minn.*, of intolerable **Itching of the Scalp**; J. N. CARTER, JR., *Occoquan, Va.*, of **Scald Head**; MRS. D. V. S. LOVELACE, *Lovelaceville, Ky.*, of **Tetter Sores**; MISS BESSIE H. BEDLOE, *Burlington, Vt.*, of **Scalp Disease** and **Dandruff**. Torpidity of the roots of the hair, which, if neglected, may result in incurable baldness, is readily cured by AYER'S HAIR VIGOR. As

A Toilet Luxury

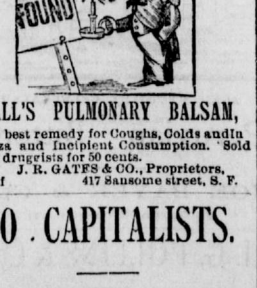

AYER'S HAIR VIGOR has no equal. It is colorless, cleanly, delightfully perfumed, and has the effect of making the hair soft, pliant, and glossy.

THE CONTEST.

Some More Witnesses Examined Yesterday.

At 10 o'clock yesterday morning the taking of the testimony for Mr. Lynch in the Congressional contest was continued before Notary Owens. Mr. Lynch has by the testimony of County Clerk Dunsmoor thoroughly established the fact that nearly 200 Democratic voters were left off the Great Register when they should have been placed on the roll and allowed to vote. The testimony of yesterday proves conclusively that the Republican Supervisors re-districted the city and threw into the White House Precinct, already largely Democratic, so many more Democratic votes that it was a matter of impossibility for all of them to cast their ballots. It is also in testimony that the Republicans by every means in their power retarded and obstructed the Democratic voters in depositing their ballots, even going so far as to place "dummies" in line, and thus kept legal voters from exercising the elective franchise.

Sidney Lacey was placed upon the stand. He testified that he was at the White House Precinct nearly all day on the day of election, and it took each voter nearly three-quarters of an hour to deposit his ballot. There were from 175 to 200 voters in line at the middle of the day.

Mr. Joseph D. Lynch, contestant, was called and testified as follows:

Q. By Mr. Robarts. Mr. Lynch, you are the contestant in this case, are you not, sir?

A. Yes, sir.

Q. Were you in the city of Los Angeles in October last?

A. I was portions of October; the rest of the time in transitu between here and other places.

Q. Did you, in any month last year, in company with three gentlemen, make a petition or application to the Board of Supervisors as to the redistricting of the city of Los Angeles?

A. Captain Thom, Mr. Bilderrain and myself visited the Board of Supervisors with that view.

Q. What month was it, sir?

A. It was the day before I started to San Francisco to attend the State Convention. It was in August. It was three or four days before the meeting of the State Convention.

Q. What was done there at the Board of Supervisors?

A. We made representation that by reason of the additions to the polling places it would be absolutely impossible to give to the citizens of Los Angeles their right to vote, and we represented in particular that several of the precincts were greatly crowded—notably the White House. Mr. Bilderrain presented a plat which he had worked up with some care, embracing some fifteen precincts, which he and we thought would give a fair opportunity to the voters to get in their votes.

Q. Did the Supervisors take any action then, at that time?

A. I was obliged to leave to catch the train.

Q. How long did you remain absent before you returned?

A. Well, I cannot recall the dates. I came down, and I think I was here a couple of weeks, and left about the 28th of September—27th of September. My first appointment was at Bakersfield on the 28th of September, and I was off and on here possibly a week or ten days, yes, possibly two weeks, before leaving.

Q. You know nothing, then, as to what happened with reference to the registration?

A. No, sir, I was engaged in my campaign matters, and was unable to give it much attention.

Q. You were here on the day of the election, the 2d of November last, were you not?

A. I was, sir.

Q. Where was your voting place in this town?

A. At the White House Precinct, in the Second Ward.

Q. Did you vote there that day, sir?

A. I did, sir.

Q. At what time?

A. Between the hours of 12 and 1.

Q. At that time what was the state of the polls as regards the number of voters in line?

A. When I arrived there the line run nearly down the whole of the Commercial street length of the White House, and extended up to the polling place. At a later stage, when I was half way up the line, there were thirty-seven people ahead of me. I counted them. I should suppose there must have been, when I first took my place, fully a hundred men in line.

Q. What time—if you took any notice of it; what time did it take you, from the time that you entered the ranks or the line of voters, for the purpose of voting; what time did it take you to deposit your ballot at the ballot box?

A. It took me forty-two minutes. I know, because I drew my watch out and called the attention of the people to the crowded state of the polls, and, perhaps somewhat impertinently — announced that that was the way the Republican Board of Supervisors treated a Democratic Ward, and held my watch in my hand until I voted.

Q. And it took you forty-two minutes.

A. It took me forty-two minutes.

A. During the time that you were there at the polls did you see any persons leave the ranks?

A. After I had been there—just about the time I counted the thirty-seven ahead of me, the gentleman in front of me dropped out and said he could not wait, he had business. And shortly afterwards the gentleman behind me dropped out; stated he could not put in the time.

Q. Do you know those gentlemen, either of them?

A. I do not, sir.

Mr. B. Cohn testified that there were some thirty-nine voters shut out when the polls closed. He said there were between thirteen and fourteen hundred voters there. He thought the ward should have been divided on Commercial street.

Mr. Charles Prager testified that the redistricting of the wards increased the vote in the White House Precinct, and that it took a man nearly an hour to vote. He saw gentlemen drop out of line because they could not wait to cast their ballots. He saw in the press that registration would close on the 2d of October and heard it from other sources. Did not see any notice that time had been extended.

Mr. Wm. Dryden testified that he understood that registration would close on the 2d of October and only heard that it had been extended when he went to the Democratic committee rooms.

A. Ramish, John C. Dixon and others testified that their names had been left off the Great Register, and had they been allowed to vote they would have voted for Mr. Lynch. Other witnesses testified that it took from three-quarters to an hour to vote at the White House Precinct.

Taking of testimony was adjourned to Tuesday at 10 o'clock.

Board of Trade Building.

A joint meeting of the Produce Exchange and Board of Trade will be held to-morrow evening to consider the proposition of building a large and elegant edifice for the use of the commercial men of Los Angeles. It will be a genuine exchange of generous dimensions, where auction sales can be held in comfortable quarters at all seasons of the year and commercial men from all parts of the world may be introduced to the business men of the city. The structure will be spacious and have plenty of office and mercantile rooms to rent to defray the expense of keeping the rooms in order and to provide a sinking fund to pay for the construction of the edifice. Such a building cannot be erected too soon. The growing trade of the mercantile interests of Southern California demands such a great central exchange in which to meet and establish commercial values of all leading products of the country.

Accident to Max Barretto.

Max K. Barretto, Deputy Sheriff at Santa Monica, met with a painful accident yesterday. He had come to Los Angeles on business, and, after transacting his business, went to the depot to catch the train going to Santa Monica. The train was already in motion, and, in attempting to board it, he was thrown violently to the ground, and his left leg was broken in two places. He was taken to Harry Lawlor's room, on Los Angeles street, and his leg was set by Dr. Kurtz. He will be removed to the Sisters' Hospital to-day.

Commercial Night School.

The attendance having greatly increased, Fred A. Clark, principal of the High School, has taken up the work in connection with Mr. Lawson. Additional room has been secured and it will be an advantage to all desiring to attend to begin this week while classes are being arranged. Instruction will be given at most reasonable terms in book-keeping and all grammar and high school studies. Candidates prepared for college and teachers' examinations. Rooms Schumacher Block.

Delightful Free Ride

AT 10 A. M. TO

Arlington Heights!

—ON—

WASHINGTON STREET.

The Future Grand Boulevard from Los Angeles to the Pacific Ocean.

WE OFFER AS A FREE GIFT TWENTY-four $300 lots to anyone who will build a $ 0,000 hotel; also, one $300 lot to any purchaser of a lot who will build a $1500 residence on beautiful Arlington Heights. The plateau of Arlington Heights offers the most magnificent view to be beheld in Southern California, embracing the whole of the Los Angeles valley, and extending from San Pedro and Santa Monica on the Pacific Ocean, across the plains to the foothills, and up to the snowy heights of the Sierra Madre mountains. This table land or mesa is perfectly level and unbroken, but 60 feet higher than the elevation of Spring and Main streets. To reach it there are no hills to climb, and as the streets leading from the center of Los Angeles city up to it follow the same even grade, it is as easy of access as Washington Gardens. The soil of Arlington Heights is a rich loam, mellow and friable at all seasons, and easy to cultivate. The vineyards and orchards surrounding it give undisputed evidence that every acre of Arlington Heights will produce grapes and fruit without irrigation. A stratum of purest well water is struck anywhere on the tract at a depth of from 30 to 60 feet. The plateau of Arlington Heights is unequaled for health. A gentle breeze from the Pacific Ocean fans it daily; sea fogs never reach its elevation, and frosts being almost unknown on the "mesa," the most tender plants, such as tomato vines, bear fruit there every day of the year. The Santa Monica branch of the S. P. R. R. runs alongside this elegant tract: the present terminus of the electric street railroad is distant one-half mile from Arlington Heights, and it is expected that it will be extended to and through Arlington Heights. A free carriage is running from the electric road to Arlington Heights, and the two-horse street car line is now being extended through Washington street to an easy walking distance from this tract. The elevated plateau of Arlington Heights terminates in a ridge or descent just sixty feet south of Adams street, and in a similar ridge north of Pico street. Between these two ridges are located the most magnificent building sites in Los Angeles. No houses can ever be built high enough in front of them to obstruct that glorious view of mountain, valley and ocean; from Catalina island to San Jacinto peak, and down again over the broad acres, orchards and vineyards of fair Los Angeles valley to the blue waves of the Pacific Ocean beyond the coast of Santa Monica. Whosoever wishes for a beautiful home sheltered from the noise and bustle of a busy city, but within a twenty minutes' drive of the plaza, should select in Arlington Heights a lot or 5½-acre tract whereon to build his house.

During the last few years it has occurred frequently that men have bought 5 or 10 acres in Los Angeles, sold off one half in lots for the price of the whole, and retained valuable grounds for a home, thus free of cost. Such chances are offered to-day in Arlington Heights.

Every city has its one fashionable suburb par excellence, as London has its Richmond, and Paris has its Saint Cloud, Arlington Heights, by a happy combination of advantages, promises to become a fashionable addition to Los Angeles of the beautiful mansions and park-like grounds of the wealthy.

Our principle is to buy large tracts, grade streets, and offer homes for all, at prices enabling the purchasers to make a handsome profit. Arlington Heights hitherto was one vast body of land of nearly 700 acres. Our map shows a magnificent subdivision of it into 5½ acre blocks, 660x360 feet, including streets, each containing 24 lots 50x150 or 200 feet, and each surrounded on all sides by streets 60, 80 or 100 feet wide. Investors who are able to appreciate the importance of a well planned subdivision, will foretell a great future to this tract, with its miles of wide streets, intersecting each other at right angles. The elegant lawns and stately mansions of the rich will be found here within a short time, and purchasers who take advantage of our low prices and easy terms will reap a golden harvest of their investment in Arlington Heights.

For further particulars, prices and maps apply to the office of Arlington Heights Land and Water Company.

CATARRH.

THE TERM CATARRH IS APPLIED TO a peculiar disorder of the nostrils and adjacent parts, which prevails to an alarming extent and is productive of very serious consequences.

The most prominent and characteristic feature is a morbid discharge from the head, varying in its nature at different times.

In some there is an almost constant flow of clear, acrid fluid, but oftener an offensive, purulent or muco-purulent, greenish-yellow matter is secreted, which accumulates in the nostrils or drops into the throat, necessitating its frequent removal by blowing the nose or expectoration, and often by both processes. Sometimes patients feel as though their whole head was in a state of rottenness, so great is the amount of matter discharged and so fetid is its odor. The patient is greatly annoyed by the constant dropping into the throat of the morbid matter from the head, and as a recumbent position naturally favors the flow downward, his rest is frequently disturbed from this cause. Many sufferers are obliged to lie with the head very much elevated in order to sleep with some degree of comfort.

In others a tough, viscid and offensive phlegm collects behind and above the soft palate, in the pas age between the throat and head, adhearing to the parts with glutish tenacity. Its lodgment embarrasses respiration and creates a sensation of irritation and uneasiness in the affected locality, which gives rise to a constant and almost irresistible desire to relieve the discomfort by drawing the mucus into the throat so as to eject it by the mouth. This practice, popularly known as "hawking," is characteristic of catarrh, and proves as embarrassing to the one affected as it is disagreeable to those around him.

Again, the offensive matter hardens and deposits itself on the membrane in the shape of dry, hard concretions, which are discharged by way of the nostrils or throat in lumps or fragments of a deep green tint. In some cases these incrustations accumulate to such an extent as to form a regular plug in the nose, which obstructs breathing and produces serious discomfort. So firmly do these incrustations adhere to the point of attachment that their removal usually requires the most violent efforts; not unfrequently they have to be torn from the membrane. Occasionally a solid cast of notable size is expelled, on which there are generally traces of blood, but in some cases the cast presents a tubular appearance, being of exact shape of the nasal cavity. This condition is indicative of ulceration, which, in time, may destroy the bony structure of the nose and produce a subsequent flattening of that organ.

Cases are occasionally met with in which a thick, viscid, slimy secretion coats the membrane of the nasal cavities and then putrifies, giving rise to a stench which is really overpowering and sufficiently fetid to poison the atmosphere of a whole room; and there are others in which all the secretions of the membrane are suspended, causing an unpleasant feeling of dryness, heat and feverishness in the head and nose—a condition popularly known as "Dry Catarrh."

The disease speedily extends to the air cavities of the bones of the forehead and face, giving rise to a distressing sensation of h avy weight or compression over the forehead, especially in the region above and between the eyes, and to a feeling of fulness, heat, irritation, soreness or pain in the nostrils near the root of the nose, as well as in the upper part of the throat, above and behind the soft palate. Sometimes there is pain obstinately fixed in some particular part, as in the temple, on the top of the head, at the back of the neck, or behind the orbids, and occasionally pain manifests itself in the face of so severe a character that it is frequently mistaken for neuralgia.

The breath is always tainted and at times assumes an exceeding fetid and sickening odor. In some cases it becomes so revoltingly offensive as to render the sufferer an object of disgust to himself as well as to others.

The nasal membrane is thickened and congested, causing the nose to be stopped up, sometimes on one side, sometime on the other, and often on both, giving rise to a disagreeable, stuffy sensation in the head, and occasioning violent and prolonged paroxysms of sneezing.

The voice is weak, indistinct and husky or of a nasal character, di playing a sort of snifling quality. Oftentimes there is a continuous hoarseness and discordance. There is also a sense of irritation in the throat, and frequent attempts to clear the parts of phlegm, producing the sound "hem" more or less forcibly. In some cases patients complain of an uncomfortable feeling of fullness, or a choky sensation in the throat, and in others of a distressing and almost constant dryness, for the temporary relief of which they have to swallow frequently. Others, again, speak of a constant bad or nauseous taste in the mouth or throat.

The stomach generally suffers more or less and becomes weak and irritable; the appetite is capricious and nearly always bad in the morning. The patient is languid, unable to perform mental or physical labor with the usual facility, is nervous, depressed in spirits, at times fearful, timid, agitated and inclined to drowsiness and sleep, the memory weakened and permanent impairment seriously threatened.

The mucous membrane soon becomes morbidly sensitive to unfavorable influences, and in spite of the utmost care becomes affected from the slightest causes, so that at last a breath of wind upon the lining of the nose or throat becomes productive of a cold, and gives rise to serious disturbances of the respiratory organs. Thus the patient is subject to frequent and repeated colds, each attack aggravating the disease by giving it a new impulse and involving a larger extent or surface than its predecessor. In this manner the difficulty spreads from organ to organ, invading the throat, larnyx, trachea and bronchial tubes, until, encroaching further and further, it reaches the finer ramifications of the bronchi, when but a slight impulse is required to send it to the lungs. Catarrh may, and often does, affect other organs in the body, especially those containing a mucous membrane, such as the stomach, bowels, kidneys, etc.

By the employment of proper inhalations in the form of medicated vapor (not steam or spray) we are able to produce immediate and direct action upon the diseased surface in the pharynax and nasal passages, for air will find its way into the most remote and intricate cavities, where it is utterly impossible to make fluid applications. By these meats every case can be cured.

OZŒNA.

Ozœna is the professional or technical name given to an advanced form of catarrh in which ulceration has eaten through the membrane lining of the nose to the cartilage of the bone. Any case of catarrh may end in ozœna, but it most frequently occurs in those who are naturally scrofulous. The discharge takes place through the nostrils or through the throat, and is generally of a yellowish or greenish yellow color, frequently tinged with blood and almost always attended by an offensive smell. In the language of Dr. Wood, of Philadelphia, "The disease is one of the most obaurate and disagreeable which the physician has to encounter. In bad cases the breath of the patient becomes so revolting as to isolate him from society and to render him an object of disgust even to himself." In some cases pieces of bone become separated and slough off, leaving deep, unhealthy ulcers, which secrete a bloody matter, and are extremely difficult to heal. After ozœna has continued some time the sense of smell usually becomes impaired and often lost. Deafness is one of its most common consequences, and results from its extension through the eustachian tubes to the internal ear. Pains in the head and over the frontal sinuses, impairing memory, and even insanity frequently spring from its extension to the brain. The greatest danger, however, because the most common, is that it will extend downward and affect the lungs. In most cases of pulmonary disease catarrh is present in some degree, and in many instances it causes a large share of the patient's discomfort.

Besides these grave consequences, all of which are liable to spring from scrofulous catarrh or ozœna, there are others which, if less dangerous, are sufficiently unpleasant. It occasions great unhappiness to thousands of both sexes, by isolating them and preventing their settlement in life. An offensive running from the nose, with foul breath, is about as great a calamity as can befall young people, for no young person should ever think of marrying while afflicted with catarrh.

Those who visit Southern California, after trying every known remedy, and failing in obtaining health through climatic changes alone, would do well to try this wonderful system, which is revolutionizing the whole medical science and effecting cures in this very city in persons given up to die.
